this book is a comprehensive revision guide for the mcem part b examination the content is based on the college of emergency medicine curriculum and provides candidates with a concise and complete guide for exam preparation

this book is split into two sections the first offers a description of the european resuscitation council whose guidelines form the core of practice and will look at ethical and legal aspects it also addresses the controversial issue of family attendance at resuscitation attempts and offer an analysis of outcomes section two presents the new guidelines and algorithms for basic

advanced and paediatric life support key area of nursing practice based on 1997 european guidelines handy size and price quick reference addresses practical and ethical emotional issues

about 550 registrants from 51 different countries attended the seventh ottawa conference on medical education and assessment in maastricht we received 525 abstracts for the conference divided in thematic poster sessions and platform presentations organising the conference was an honour and we tried to meet the high standards of a friendly and relaxed atmosphere which has characterized previous ottawa conferences during and after the conference about 250 papers were submitted for publication in the conference proceedings leaving us little time for a post conference depression despite the large number of papers the editors have attempted to review and edit the papers as care fully as possible occasionally however correspondence exceeded reasonable deadlines preventing careful editing of a small number of the papers although we felt that our editorial task was not quite finished we nevertheless decided to include these papers we thank the many authors for their enthusiastic and prompt response to occasionally tedious editorial suggestions and requests we are sure that this collective effort has resulted in a book that will make an important contribution to the field of medical education the editors want to thank jocelyn flippo berger whose expertise with desk top publishing and perseverance was a great help

clinical trials in neurology comprehensively tackles the methodology and design of clinical trials in neurological disease a general section deals with the ethical aspects drug development and regulatory requirements basic trial designs and the statistics used a diseases section tackles specific aspects of disorders focusing on the relevant ethical issues outcome variables and experience with large multicentre trials

nationally recognised as the definitive guide to clinical nursing skills the royal marsden manual of clinical nursing procedures has provided essential nursing knowledge and up to date information on nursing skills and procedures for over 30 years now in its 9th edition this full colour manual provides the underlying theory and evidence for procedures enabling nurses to gain the confidence they need to become fully informed skilled practitioners written with the qualified nurse in mind this manual provides up to date detailed evidence based guidelines for over 200 procedures related to every aspect of a person s care including key information on equipment the procedure and post procedure guidance along with full colour illustrations and photos following extensive market research this ninth edition contains the procedures and changes in practice that reflect modern acute nursing care includes thoroughly reviewed and updated evidence underpinning all procedures is organised and structured to represent the needs of a patient along their care pathway integrates risk management into relevant chapters to ensure it is central to care contains revised procedures following hands on testing by staff and students at kingston university is also available as an online edition

the book includes terms that are the concern of all nurses and terms that are relevant to specific areas of practice the focused nursing information is supplemented by the inclusion of some applied anatomy physiology important items from the medical and surgical specialties and some basic psychology and sociology numerous in depth entries explore issues rather than just provide a basic definition there are of course a proportion of shorter definitions the intentions are to use references in the in depth entries and provide readers with other sources of information on the topic because the book does not attempt to cover other related areas the opportunity exists to provide comprehensive evidence based information about important nursing issues the style will is dictated by having an a z format but the intention is to highlight material in some of the in depth entries this is achieved with separate practice application boxed items adjacent to the entry entries explore issues rather than giving just a basic definition pocket book format a quick reference covering a wide range of topics it is very nursing focused generously illustrated edited by an experienced nurse editor with a general wide ranging knowledge of nursing combines the best material from a range of proven elsevier publications

this guide contains over 1000 entries listing australian gay and lesbian writers and their publications as well as subject entries ranging from aids to sado masochism non fiction as well as fiction writers are represented and the text provides information on the reception of these publications
